Latest Version

We are constantly reviewing our products. New material is added and old material is revised. Free updates are available for 90 days after the purchase. You should check your member zone at VisualExams and update 3-4 days before the scheduled exam date.

Here is the procedure to get the latest version:

1. Go to <http://www.visual exams.com/>
2. Log in the **User Center**
3. The latest versions of all purchased products are downloadable from here. Just click the links.

Feedback

If you spot a possible improvement then please let us know. We always interested in improving product quality.

Feedback should be send to Visual exams@hotmail.com. You should include the following: Exam number, version, page number, question number, and your login Account.

Our experts will answer your mail promptly.

Explanations

This product does not include explanations at the moment. If you are interested in providing explanations for this exam, please contact Visual exams@hotmail.com.

Features

- Comprehensive questions with complete details
- Instant Downloadable in PDF form.
- Verified Answers Researched by Industry Experts
- Questions accompanied by exhibits.
- Drag and Drop questions as experienced in the Actual Exams.
- These questions and answers are backed by our GUARANTEE.
- Questions updated on regular basis.
- Like actual certification exams our product is in multiple-choice questions (MCQs)

Commitment to Your Success: At VisualTestExam.com, we are committed to your ongoing success. Our exams and questions are constantly being updated and compared to industry standards.

Want to earn a Microsoft certification like MCSE, MCSE 2003, CCNA, CCNP? Thinking about getting an A+ or CCSP?

A, CCSP or Network+ Certification with less effort and time. You will be astonished at the theoretical and practical knowledge you will acquire in such a short period of time using our Certification Training Products. Our Study material will enable you to pass your Microsoft, Your Cisco and any other certification on the very first attempt.

Guarantee

VisualExams provides the most competitive quality of all exams for the customers, we guarantee your success at the first attempt with only our Certification Question&Answers, if somehow you do not pass the exam at the first time, we will not only arrange FULL REFUND for you, but also provide you another exam of your claim, ABSOLUTELY FREE!

1. Which files does the Store and Forward Agent use?

- A. ms.jks and ma.jks
- B. key.jsk and sth.jsk
- C. key.kdb and key.sth
- D. dmzagent.jks and dmzagent.kdb

Answer: C

2. Which WebSphere configuration change occurs after installing the Tivoli Monitoring for Transaction Performance (TMTP) V5.2 Management Server?

- A. WebSphere Security is enabled.
- B. WebSphere Security is disabled.
- C. WebSphere Log Levels are increased.
- D. The patch level is upgraded to the required level.

Answer: A

3. Which Tivoli Monitoring for Transaction Performance (TMTP) component monitors an end-user transaction experience that includes invoking the Java applet with user input?

- A. STI
- B. QoS
- C. J2EE
- D. GenWin

Answer: D

4. How is a Tivoli Monitoring for Transaction Performance (TMTP) Management Agent on a Windows platform uninstalled?

- A. on the Management Agent, run <Product_installation_Directory>\MA_uninst52\uninstall.sh
- B. on the Management Agent, run <Product_installation_Directory>\MA_uninst52\uninstall.exe
- C. stop the Management Agent and remove the <Product_installation_Directory>\MA subdirectory
- D. on the Tivoli Monitoring for Transaction Performance (TMTP) User Interface (UI) Console, go to Work With Agents, check the agent, and select Remove Agent

Answer: B

5. What is the minimum recommended RAM memory required for the Tivoli Monitoring for Transaction Performance (TMTP) V5.2 Management Server?

- A. 1 GB
- B. 2 GB
- C. 4 GB
- D. 500 MB

Answer: B

6. When enabling Tivoli Enterprise Console (TEC) forwarding, when TEC is using a fixed port, which value should be set for ServerPort in <MS install directory>/config/eif.conf?

- A. the port number specified for tec_disp_rule_port in .tec_config on the TEC Server
- B. the port number specified for tec_rcv_agent_port in .tec_config on the TEC Server
- C. the port number specified for tec_send_agent_port in TransPerf.baroc file on the TMTP Management Server
- D. the port number specified for tec_rcv_agent_port in TransPerf.baroc on the Tivoli Monitoring for Transaction Performance (TMTP) Management Server

Answer: B

7. Which Tivoli Monitoring for Transaction Performance (TMTP) V5.2 authorization role is required to deploy and configure the J2EE component?

- A. admin
- B. stiaadmin
- C. gwadmin
- D. j2eeviewer

Answer: A

8. Which two statements are true about required user Authorization Roles when installing Tivoli Monitoring for Transaction Performance (TMTP) V5.2 Management Agent? (Choose two.)

- A. In UNIX environments, DB2 admin privilege is needed.
- B. In Windows environments, DB2 sa privilege is needed.
- C. In UNIX, the user must have remote execution privilege.
- D. In UNIX environments, the user who installs the product must have root privilege.
- E. In Windows environments, the user who installs the product must have Administrator privilege.

Answer: DE

9. Which two browser settings must be enabled to log on to the Tivoli Monitoring for Transaction Performance (TMTP) V5.2 Management Server User Interface (UI) using an Internet browser? (Choose two.)

- A. accept cookies
- B. enable Javascript
- C. always expand ALT text for images
- D. enable third-party browser extensions
- E. set manual proxy configuration to point to TMTP Management Server settings

Answer: AB

10. Application Response Measurement (ARM) calls are not being received on a Tivoli Monitoring for Transaction Performance (TMTP) V5.2 Management Agent. Which change is performed to best debug this

problem?

- A. Edit <MA Installation Directory>/log/log.conf and set tapmagent.level=DEBUG_MAX, restart the Tivoli Transperf service
- B. Edit <MA Installation Directory>/log/tapmagent-logging.properties and set BWM.trc.level=DEBUG_MAX, restart the Tivoli Transperf service
- C. Edit <MA Installation Directory>/config/tapmagent-logging.properties and set BWM.trc.level=DEBUG_MAX, restart the Tivoli Transperf service
- D. Edit <MA Installation Directory>/config/tapmagent-logging.properties and set tapmagent.level=DEBUG_MAX, restart the Tivoli Transperf service

Answer: D

11. In a DB2 environment, which command performs the backup of the DB2 database containing the Tivoli Monitoring for Transaction Performance (TMTP) data?

- A. db2exp
- B. db2store
- C. db2export
- D. db2backup

Answer: D

12. What is the final step required to complete the deployment of the J2EE monitoring component?

- A. reboot the Management Server platform
- B. restart the application server running on the Management Agent platform
- C. stop and then restart the WebSphere Application Server (WAS) running on the Management Server platform
- D. stop and then restart the Tivoli Monitoring for Transaction Performance (TMTP) Management Server Console

Answer: B

13. Which three pieces of information are needed to install the STI recording software? (Choose three.)

- A. host name or IP address of the Management Agent platform
- B. host name or IP address of the Management Server platform
- C. port number used by the Management Server for communication
- D. port number used by the Store and Forward platform for communication
- E. type of communication (secure or non-secure) used by the Management Agent for communication
- F. type of communication (secure or non-secure) used by the Management Server for communication

Answer: BCF

14. Which file must be edited to forward events from Tivoli Monitoring for Transaction Performance (TMTP) to SNMP?

- A. on the Management Agent, edit the event.properties file
- B. on the Management Server, edit the tmp.properties file
- C. on the Management Server, edit the event.properties file
- D. on the Store and Forward Agent, edit the tmp.properties file

Answer: B

15. Which key and trust file is required to install the Tivoli Monitoring for Transaction Performance (TMTP) V5.2 Management Server in SSL Enabled mode?

- A. ms.jks file
- B. agent.jks file
- C. server.jks file
- D. dmzagent.jks file

Answer: A

16. What is the default port for SSL Agents when installing the Tivoli Monitoring for Transaction Performance (TMTP) Management Server?

- A. 80
- B. 443
- C. 9090
- D. 9446

Answer: D

17. Which two pieces of information are needed to install Tivoli Monitoring for Transaction Performance (TMTP) V5.2 prerequisite WebSphere in a UNIX environment? (Choose two.)

- A. TMTP V5.2 media
- B. DB2 Admin User ID
- C. User ID with root privileges
- D. TMTP DB2 database name
- E. WebSphere V5.0 media (including the fix pack 5.0.1)

Answer: CE

18. Which protocol provides secure communication between Tivoli Monitoring for Transaction Performance (TMTP) Management Agents and TMTP Management Servers?

- A. JMX
- B. SSL
- C. TCP
- D. SOAP

Answer: B

19. Which two installations are supported? (Choose two.)

- A. the J2EE monitoring component deployed to the TMTTP Management Server
- B. the TMTTP Management Server supported by a BEA WebLogic Application Server
- C. the WebSphere Application Server (WAS) and the TMTTP Management Server installed on the same platform
- D. the DB2 server and the Tivoli Monitoring for Transaction Performance (TMTTP) Management Server installed on separate platforms
- E. the MicroSoft Access database and the Tivoli Monitoring for Transaction Performance (TMTTP) Management Server installed on separate platforms

Answer: CD

20. When installing a Store and Forward Agent, which action gives a set of Management Agents permission to access the Store and Forward Agent?

- A. specifying the appropriate mask on install dialog
- B. listing the IP addresses that are permitted in the hosts files
- C. listing the IP addresses that are permitted in the deny.hosts files
- D. listing the IP addresses that are permitted in the allow.hosts files

Answer: A

Visualexams.com was founded in 2006. The safer,easier way to help you pass any IT Certification exams . We provide high quality IT Certification exams practice questions and answers(Q&A). Especially Adobe, Apple, Citrix, Comptia, EMC, HP, HuaWei, LPI, Nortel, Oracle, SUN, Vmware and so on. And help you pass any IT Certification exams at the first try.
