### Latest Version

We are constantly reviewing our products. New material is added and old material is revised. Free updates are available for 90 days after the purchase. You should check your member zone at VisualExams and update 3-4 days before the scheduled exam date.

Here is the procedure to get the latest version:

1. Go to <http://www.visual exams.com/>
2. Log in the **User Center**
3. The latest versions of all purchased products are downloadable from here. Just click the links.

### Feedback

If you spot a possible improvement then please let us know. We always interested in improving product quality.

Feedback should be send to [Visual exams@hotmail.com](mailto:Visual exams@hotmail.com). You should include the following: Exam number, version, page number, question number, and your login Account.

Our experts will answer your mail promptly.

### Explanations

This product does not include explanations at the moment. If you are interested in providing explanations for this exam, please contact [Visual exams@hotmail.com](mailto:Visual exams@hotmail.com).

### Features

- Comprehensive questions with complete details
- Instant Downloadable in PDF form.
- Verified Answers Researched by Industry Experts
- Questions accompanied by exhibits.
- Drag and Drop questions as experienced in the Actual Exams.
- These questions and answers are backed by our GUARANTEE.
- Questions updated on regular basis.
- Like actual certification exams our product is in multiple-choice questions (MCQs)

**Commitment to Your Success: At VisualTestExam.com, we are committed to your ongoing success. Our exams and questions are constantly being updated and compared to industry standards.**

Want to earn a Microsoft certification like [MCSE](#), [MCSE 2003](#), [CCNA](#), [CCNP](#)? Thinking about getting an [A+](#) or [CCSP](#)?

A, [CCSP](#) or [Network+](#) Certification with less effort and time. You will be astonished at the theoretical and practical knowledge you will acquire in such a short period of time using our Certification Training Products. Our Study material will enable you to pass your [Microsoft](#), Your [Cisco](#) and any other certification on the very first attempt.

## **Guarantee**

VisualExams provides the most competitive quality of all exams for the customers, we guarantee your success at the first attempt with only our Certification Question&Answers, if somehow you do not pass the exam at the first time, we will not only arrange FULL REFUND for you, but also provide you another exam of your claim, ABSOLUTELY FREE!

1. When planning to upgrade from Tivoli Distributed Monitoring V3.7 to IBM Tivoli Monitoring V6.2, you issue the command on the TMR server `wep ls`. What does the output of this command provide?
- A. the gateways and endpoints associated with those gateways within the TMR
  - B. a list of endpoints that are currently active and communicating with the gateways
  - C. the endpoint list within a TMR and the associated services running on those endpoints
  - D. the gateways and endpoints associated with those gateways within the TMR that have Distributed Monitoring probes running on them

**Answer: A**

2. What operating system family is the Warehouse Proxy component of IBM Tivoli Monitoring V6.2 supported on? (Choose three.)

- A. z/OS
- B. Solaris
- C. Linux
- D. Windows
- E. AIX
- F. i5/OS

**Answer: CDE**

3. A large IBM Tivoli Monitoring environment contains four thousand agents. Two HUB TEMS are installed along with ten remote TEMS. How many TEPS and Tivoli Data Warehouse (TDW) servers are required within this environment?

- A. 1 TEPS, 1 TDW server
- B. 1 TEPS, 2 TDW server
- C. 2 TEPS, 1 TDW server
- D. 2 TEPS, 3 TDW servers

**Answer: C**

4. On which platform is the warehouse migration tool supported when planning to upgrade to IBM Tivoli Monitoring V6.2 from OMEGAMON?

- A. z/OS
- B. Linux
- C. UNIX
- D. Windows

**Answer: D**

5. When planning to upgrade to IBM Tivoli Monitoring V6.2 (ITM) from OMEGAMON, what needs to happen now that ITM V6.2 requires the IBM Runtime Environment for Java V1.5?

- A. Nothing, the upgrade process automatically installs it for components that require the JRE.

- B. Nothing, upgraded OMEGAMON components can still use the Sun Java Runtime Environment originally installed.
- C. You need to stop each OMEGAMON component, install the IBM Runtime Environment for Java V1.5 and then proceed with the upgrade.
- D. You need to install the IBM Runtime Environment for Java V1.5 on each OMEGAMON component manually and then proceed with the upgrade.

**Answer: A**

6. When planning to install the IBM Tivoli Monitoring V5.x Endpoint Agent, the IBM Tivoli Monitoring (ITM) environment must include which prerequisite in order to use the agent?
- A. ITM V5.1.2 Fix Pack 10 or higher
  - B. IBM DB2 V8 Fix Pack 10
  - C. ITM Web Health Console V5.1.1
  - D. ITM Resource Model Builder

**Answer: A**

7. When planning to upgrade from Tivoli Distributed Monitoring V3.7 to IBM Tivoli Monitoring V6.2, you discover several custom monitors within the Distributed Monitoring environment. What is the best way to upgrade those custom monitors to IBM Tivoli Monitoring V6.2?
- A. Use the witmupgrade command to upgrade the custom monitor.
  - B. Build a situation in the situation editor and use the script as a custom action.
  - C. Create an equivalent script from the custom monitor and use the Universal Agent.
  - D. Use the IBM Tivoli Monitoring V6.2 Upgrade Toolkit: Custom Script Support product to upgrade the custom monitor.

**Answer: C**

8. Which three agent platforms are still supported in IBM Tivoli Monitoring V6.2? (Choose three.)
- A. AIX V5.1
  - B. Solaris V8
  - C. Suse Linux Enterprise 8
  - D. RedHat Enterprise Linux V4
  - E. HPUX V11
  - F. AIX V5.2

**Answer: DEF**

9. What are two organizational considerations that might have an impact on the deployment of IBM Tivoli Monitoring V6.2? (Choose two.)
- A. network reliability
  - B. host and IP naming conventions

- C. amount of growth anticipated for the environment
- D. the computers and applications that are mission critical
- E. number and responsibilities of existing systems administrators

**Answer: CE**

10. Which RDBMS is supported in IBM Tivoli Monitoring V6.2 if the customer needs to use only one type of RDBMS for both Tivoli Enterprise Portal Server (TEPS) database and the Tivoli Data Warehouse (TDW) databases?

- A. DB2 v7.3
- B. DB2 V9.1
- C. SQL 2005
- D. Oracle V9.2

**Answer: B**

11. What must be stopped before installing a DB2 Fix Pack on UNIX or Linux?

- A. all existing DB2 instances
- B. the DB2 Administration Server
- C. the DB2 instances that belong to the current DB2 installation
- D. the DB2 Administration Server and the DB2 instances that belong to the current DB2 installation

**Answer: D**

12. The GS kit requires SSL certificates to be stored in which location?

- A. an XML file
- B. an LDAP store
- C. a hidden directory
- D. a key database file

**Answer: D**

13. What is the result of running the command shown below? (Choose three.)

```
winstall -c "C:\IBM-Tivoli-Monitoring-Migration-Toolkit/"
```

```
-i MTK austin nottingham denmark -y
```

```
MtkJavaDir="C:\Program Files\Tivoli\bin\w32-ix86\JRE\1.5.0\jre\bin"
```

- A. This installs the migration toolkit onto managed nodes named austin nottingham denmark.
- B. The full path of the location of the Java binary files on the Tivoli server are in "C:\Program Files\Tivoli\bin\w32-ix86\JRE\1.5.0\jre\bin".
- C. The scantmr tool is not run.
- D. The managed node austin is restarted when the installation completes.
- E. The scantmr tool is run.
- F. The user is prompted for confirmation before the installation commences.

**Answer: ABC**

14. You have been tasked with changing the configuration of the event synchronization between the Tivoli Enterprise Monitoring Server and Tivoli Enterprise Console (TEC) on your UNIX TEC Server. Which two steps need to be performed? (Choose two)

- A. Modify the file /etc/TME/TEC/OM\_TEC/situpdate.conf
- B. Modify the file \$BINDIR/TME/TEC/situpdate.conf
- C. Run the stopSUF and startSUF commands in \$BINDIR/TME/TEC/OM\_TEC/bin
- D. Run the stopSUF and startSUF commands in /etc/TME/TEC/OM\_TEC/bin
- E. Run the command wstartesvr -updateConfig -reStartSUF

**Answer: AC**

15. If you do not currently have the Candle Management Workstation and you are installing OMEGAMON XE for CICS 3.1.0 into an IBM Tivoli Monitoring environment, what can be installed for operability?

- A. Candle Management Workstation Agent
- B. Candle Management Workstation support files on the TEMS
- C. Candle Management Workstation that shipped with OMEGAMON XE for CICS 3.1.0
- D. Candle Management Workstation that shipped with IBM Tivoli Monitoring V6.2

**Answer: C**

16. Which three items will be displayed on the Tivoli Enterprise Portal console when viewing resource models overview workspace? (Choose three.)

- A. ProfileName
- B. RMName
- C. Status
- D. ProfileManager
- E. EndpointStatus
- F. TMRHost

**Answer: ABC**

17. Which two commands can be used to place products into the depot? (Choose two.)

- A. install.sh
- B. tacmd addSystem
- C. tacmd addBundles
- D. itmcmd addSystem
- E. itmcmd addBundles

**Answer: AC**

18. In the Windows Manage Tivoli Enterprise Monitoring Services, what is the correct interpretation of the function of Actions ? Advanced ? Configure Tivoli Enterprise Portal Server (TEPS) interfaces?

- A. Define the ports and communication from the Tivoli Enterprise Monitoring Server (TEMS) to the TEPS.
- B. Define the ports and communication from the browser to the TEPS.
- C. Define the ports and communication from the TEMS to the TEPS through firewalls.
- D. Define the ports and communication from the browser to the TEPS through firewalls.

**Answer: D**

19. The system administrator attempts the reinstallation of Tivoli Enterprise Monitoring Server (TEMS)/Tivoli Enterprise Portal Server (TEPS) on a Windows platform that was just uninstalled. The reinstallation indicates that the product is already installed and upon checking the system the previous installation path does not exist and Add/Remove programs does not show IBM Tivoli Monitoring installed. What two things can be the cause of this issue? (Choose two.)

- A. The system has not been rebooted.
- B. Delete the user ID used to install the previous installation.
- C. Remove the TEPS database and ODBC System DSN entry.
- D. Drop the DB2 instance where the TEPS was previously installed.
- E. Edit the Windows registry and remove the HKEY\_LOCAL\_MACHINE\Software\Candle entry.

**Answer: CE**

20. What is the purpose of the command `itmcmd config -S -t <tems_name>?`

- A. configure options within the Tivoli Enterprise Monitoring Server (TEMS)
- B. seed application support for the TEMS <tems\_name>
- C. restart of synchronization and pruning by specifying the hub TEMS
- D. configure time on all TEMS servers synchronized against <tems\_name> system time

**Answer: A**

Visualexams.com was founded in 2006. The safer,easier way to help you pass any IT Certification exams . We provide high quality IT Certification exams practice questions and answers(Q&A). Especially Adobe, Apple, Citrix, Comptia, EMC, HP, HuaWei, LPI, Nortel, Oracle, SUN, Vmware and so on. And help you pass any IT Certification exams at the first try.
