- A. Training material should be accessible and attractive.
- B. Delivery mechanisms should allow easy development of additional materials, to complement core material.
- C. Security-awareness training materials should never contradict an organizational security policy.
- D. Appropriate language should be used to facilitate localization, should training materials require translation.
- E. Written documentation should be archived, in case of disaster.

Answer: C

16. To comply with the secure design principle of fail-safe defaults, what must a system do if it receives an instruction it does not understand? The system should:

- A. send the instruction to a peer server, to see if the peer can execute.
- B. not attempt to execute the instruction.
- C. close the connection, and refuse all further traffic from the originator.
- D. not launch its debugging features, and attempt to resolve the instruction.
- E. search for a close match in the instruction set it understands.

Answer: B

17. Which of these metrics measure how a biometric device performs, when attempting to authenticate subjects? (Choose THREE.)

- A. False Rejection Rate
- B. User Acceptance Rate
- C. Crossover Error Rate
- D. False Acceptance Rate
- E. Enrollment Failure Rate

Answer: ACD

18. Why should the number of services on a server be limited to required services?

- A. Every open service represents a potential vulnerability.
- B. Closed systems require special connectivity services.
- C. Running extra services makes machines more efficient.
- D. All services are inherently stable and secure.
- E. Additional services make machines more secure.

Answer: A

19. _____ intrusion detection involves comparing traffic to known characteristics of malicious traffic, known as attack signatures.

- A. Pattern matching
- B. Statistical anomaly
- C. Behavioral analysis
- D. Host
- E. Network

Answer: A

20. Which of the following calculations is used when selecting countermeasures?

- A. Annualized Rate of Occurrence
- B. Single Loss Expectancy
- C. Annualized Loss Expectancy
- D. Business Impact Analysis
- E. Business Continuity Plan

Answer: C

Visualexams.com was founded in 2006. The safer,easier way to help you pass any IT Certification exams . We provide high quality IT Certification exams practice questions and answers(Q&A). Especially Adobe, Apple, Citrix, Comptia, EMC, HP, HuaWei, LPI, Nortel, Oracle, SUN, Vmware and so on. And help you pass any IT Certification exams at the first try.
