Latest Version

We are constantly reviewing our products. New material is added and old material is revised. Free updates are available for 90 days after the purchase. You should check your member zone at VisualExams and update 3-4 days before the scheduled exam date.

Here is the procedure to get the latest version:

1. Go to <http://www.visualexams.com/>
2. Log in the **User Center**
3. The latest versions of all purchased products are downloadable from here. Just click the links.

Feedback

If you spot a possible improvement then please let us know. We always interested in improving product quality.

Feedback should be send to Visualexams@hotmail.com. You should include the following: Exam number, version, page number, question number, and your login Account.

Our experts will answer your mail promptly.

Explanations

This product does not include explanations at the moment. If you are interested in providing explanations for this exam, please contact Visualexams@hotmail.com.

Features

- Comprehensive questions with complete details
- Instant Downloadable in PDF form.
- Verified Answers Researched by Industry Experts
- Questions accompanied by exhibits.
- Drag and Drop questions as experienced in the Actual Exams.
- These questions and answers are backed by our GUARANTEE.
- Questions updated on regular basis.
- Like actual certification exams our product is in multiple-choice questions (MCQs)

Commitment to Your Success: At VisualTestExam.com, we are committed to you ongoing success. Our exams and questions are constantly being updated and compared to industry standards.

Want to earn a Microsoft certification like MCSE, MCSE 2003, CCNA, CCNP? Thinking about getting an A+ or CCSP?

A, CCSP or Network+ Certification with less effort and time. You will be astonished at the theoretical and practical knowledge you will acquire in such a short period of time using our Certification Training Products. Our Study material will enable you to pass your Microsoft, Your Cisco and any other certification on the very first attempt.

Guarantee

Visualexams provides the most competitive quality of all exams for the customers, we guarantee your success at the first attempt with only our Certification Question&Answers, if somehow you do not pass the exam at the first time, we will not only arrange FULL REFUND for you, but also provide you another exam of your claim, ABSOLUTELY FREE!

1. Which two tasks focus on discussing the network implementation strategy with key stakeholders and business owners? (Choose two.)

- A. rollback and contingency plans
- B. resource requirements and tools to perform network operations testing
- C. site remediation, plans, and execution status
- D. site survey results

Answer: CD

2. Which service component within the plan phase prescribes a set of activities and tasks to assess existing network infrastructure and applications to verify their ability to support the proposed routing and switching solution for a customer?

- A. Deployment Project Management
- B. Operations Readiness Assessment
- C. Security Vulnerability Assessment
- D. Site Readiness Assessment
- E. Network Readiness Assessment

Answer: E

3. Which three activities within the plan phase are performed when assessing network vulnerabilities and identifying steps needed to address security threats and attacks? (Choose three.)

- A. Produce network security specifications and requirements.
- B. Identify, analyze, and document existing network vulnerabilities.
- C. Produce security vulnerability report.
- D. Assess current network infrastructure and network security procedures.
- E. Document the existing network environment.
- F. Document the network vulnerabilities and determine the level of criticality for remediation.

Answer: BCE

4. What are two typical activities that are conducted as part of Security Assessment? (Choose two.)

- A. Perform intrusion audits.

- B. Assess network infrastructure software and configurations.
- C. Create a performance baseline for Security Assessment.
- D. Categorize security incidents.

Answer: AC

5. Which task is conducted as part of Business Readiness Testing?

- A. Identify, select, and assess network management tools, features, and functionality.
- B. Obtain and review security procedures and policies.
- C. Use predetermined use cases or design use cases based upon validated business and operational requirements.
- D. Review network implementation strategy.

Answer: C

6. Which two items on the design discovery checklist are used to create a low-level design? (Choose two.)

- A. technical requirements
- B. capacity planning
- C. design goals
- D. WAN modeling

Answer: AC

7. Which task is performed during the Systems Monitoring service component in the operate phase?

- A. Test system connectivity.
- B. Populate and maintain configuration management database.
- C. Manage passwords, rights, and permissions.
- D. Collect performance data for reporting, such as CPU, memory, storage, licenses and port utilization, and availability data.
- E. Update security signatures.

Answer: D

8. Which three resources are used to support physical and logical design documentation of the operations

and network management system? (Choose three.)

- A. verification results
- B. design templates
- C. standards
- D. operation policies

Answer: BCD

9. Which three tasks are conducted as part of the Implementation Plan Development service component?
(Choose three.)

- A. Discuss network implementation schedules.
- B. Define testing requirements.
- C. Verify site contacts, locations, and other project considerations.
- D. Identify implementation risks.

Answer: ACD

10. Which task is part of executing a Detailed Design Validation?

- A. Execute the test identified in the detailed design test plan and capture test results.
- B. Determine how results impact the original design.
- C. Incorporate recommended changes into the design process.
- D. Verify that hardware and software requirements are included.

Answer: A

Visualexams.com was founded in 2006. The safer,easier way to help you pass any IT Certification exams . We provide high quality IT Certification exams practice questions and answers(Q&A). Especially Adobe, Apple, Citrix, Comptia, EMC, HP, HuaWei, LPI, Nortel, Oracle, SUN, Vmware and so on. And help you pass any IT Certification exams at the first try.
