Latest Version

We are constantly reviewing our products. New material is added and old material is revised. Free updates are available for 90 days after the purchase. You should check your member zone at VisualExams and update 3-4 days before the scheduled exam date.

Here is the procedure to get the latest version:

1. Go to <http://www.visual exams.com/>
2. Log in the **User Center**
3. The latest versions of all purchased products are downloadable from here. Just click the links.

Feedback

If you spot a possible improvement then please let us know. We always interested in improving product quality.

Feedback should be send to Visual exams@hotmail.com. You should include the following: Exam number, version, page number, question number, and your login Account.

Our experts will answer your mail promptly.

Explanations

This product does not include explanations at the moment. If you are interested in providing explanations for this exam, please contact Visual exams@hotmail.com.

Features

- Comprehensive questions with complete details
- Instant Downloadable in PDF form.
- Verified Answers Researched by Industry Experts
- Questions accompanied by exhibits.
- Drag and Drop questions as experienced in the Actual Exams.
- These questions and answers are backed by our GUARANTEE.
- Questions updated on regular basis.
- Like actual certification exams our product is in multiple-choice questions (MCQs)

Commitment to Your Success: At VisualTestExam.com, we are committed to your ongoing success. Our exams and questions are constantly being updated and compared to industry standards.

Want to earn a Microsoft certification like MCSE, MCSE 2003, CCNA, CCNP? Thinking about getting an A+ or CCSP?

A, CCSP or Network+ Certification with less effort and time. You will be astonished at the theoretical and practical knowledge you will acquire in such a short period of time using our Certification Training Products. Our Study material will enable you to pass your Microsoft, Your Cisco and any other certification on the very first attempt.

Guarantee

Visualexams provides the most competitive quality of all exams for the customers, we guarantee your success at the first attempt with only our Certification Question&Answers, if somehow you do not pass the exam at the first time, we will not only arrange FULL REFUND for you, but also provide you another exam of your claim, ABSOLUTELY FREE!

1. Which encryption method does a BCM system support when IPSec is configured on it?

- A. PKI
- B. RC4
- C. AES
- D. PPTP

Answer: C

2. A customer has several remote locations that they want to securely connect through the Internet. You explain that using IPSec tunnels between these sites would provide this security; however, they are concerned about it being able to handle all of the remote locations. What is the maximum number of remote sites that can be connected to a BCM50 using IPSec tunnels?

- A. 10
- B. 12
- C. 14
- D. 16

Answer: A

3. Fallback is a feature that allows a call to progress when a VoIP trunk is unavailable or is not providing adequate quality of service (QoS). By enabling PSTN fallback, you allow the system to check the availability of the VoIP trunks and then switch the call to a PSTN line. For the PSTN fallback to work on a suitable bandwidth, which two statements must be true on a BCM 200 platform? (Choose two.)

- A. The QoS Monitor must be enabled.
- B. The jitter buffer must be configured.
- C. The Transmit threshold must be set.
- D. Proactive Voice Quality Monitoring (PVQM) must be enabled.
- E. IP sets must be configured to use the G.723 Codec.

Answer: AC

4. A remote user has the ability to connect to an ISP and then to a specific route into a BCM that is configured for IPSec Remote User. The remote user can also print locally even while connected remotely to the BCM. Which functionality does this describe?

- A. split routing
- B. dual routing
- C. split tunneling
- D. dual tunneling

Answer: C

5. BCM supports a queue service discipline that allows packets to be serviced in an absolute priority fashion or using a weighted-fair-queuing scheduler. This service discipline ensures that packets in the

highest priority queue are serviced quickly without starving the lower priority queues. How many quality of service (QoS) queues does BCM RIs. 4.0 support?

- A. 1
- B. 2
- C. 4
- D. 7

Answer: D

6. A network administrator needs to calculate the maximum number of voicemail ports required on their BCM 400 system. Which two factors should be considered when making this determination? (Choose two.)

- A. The range is 0 to 16 ports.
- B. The range is 0 to 32 ports.
- C. Each voicemail port requires one media channel resource.
- D. Each voicemail port requires two signaling channel resources.

Answer: BC

7. A client has a BCM 400 that is performing all IPSec processing using software. They are concerned about overloading the BCM 400 processor with IPSec traffic processing. What is the maximum number of simultaneous tunnels?

- A. 12 tunnels
- B. 16 tunnels
- C. 24 tunnels
- D. 30 tunnels

Answer: B

8. In planning a network configuration for a customer there are tools available to help you with your plan. Which tool should you use to determine the specific requirements for the system design, including pricing information?

- A. BCM Monitor
- B. AppManager
- C. Startup Profile
- D. Enterprise Configurator

Answer: D

9. A customer's new system will be configured with 55 IP telephones, an IVR system and a voicemail. This system will also use over 30 analog and digital telephones. What should the DS30 split be for this customer?

- A. A 2/5 split
- B. A 2/6 split

- C. A 3/5 split
- D. A 3/6 split

Answer: C

10. Which statement should be considered when you allocate DS30 channel Block resources using a 3/5 channel split configuration?

- A. This configuration is achieved by assigning bus two to the voice data sector.
- B. This configuration allocates three DS30 channel blocks to Media Bay Modules.
- C. This configuration may be configured during system startup using the Startup Profile.
- D. This configuration may be used to accommodate increased IP telephony or VoIP trunk requirements.

Answer: D

Visualexams.com was founded in 2006. The safer,easier way to help you pass any IT Certification exams . We provide high quality IT Certification exams practice questions and answers(Q&A). Especially Adobe, Apple, Citrix, Comptia, EMC, HP, HuaWei, LPI, Nortel, Oracle, SUN, Vmware and so on. And help you pass any IT Certification exams at the first try.
